

NEMOURS CHILDREN'S HEALTH

# Delaware Golf Tournament

Monday, October 24, 2022

DuPont Country Club

Formerly A Round for the Kids

## About DuPont Country Club

DuPont Country Club is the premier championship golf course in the Brandywine Valley. The club offers three beautiful 18-hole golf courses, spread across acres of lush landscape in the heart of the Brandywine Valley. The unique courses utilize the natural bumps, dips and turns of the countryside, creating challenging games for all golfers. Several practice areas — such as a chipping green, a driving range, a practice bunker and putting greens — are available to warm up before playing. The stunning landscape, diverse venues, and first-class service create the perfect DuPont hospitality experience for you to enjoy.

## Nemours Children's Health | Delaware Golf Tournament

Avid golfers from the Delaware Valley will enjoy a great day on the greens in support of the Child Life Pet Therapy program at Nemours Children's. The 13th annual **Nemours Children's Health Delaware Golf Tournament** (formerly *A Round for the Kids*) will take place at the picturesque DuPont Country Club in Wilmington, Delaware. Participants will enjoy lunch and snacks on the course as well as a special gift.

### WHEN:

Monday, October 24, 2022

### WHERE:

DuPont Country Club  
1001 Rockland Rd., Wilmington, DE 19803

### EVENT SCHEDULE

10 a.m. Registration Opens

11:30 a.m. Shotgun Start Scramble

4-5 p.m. Buffet Dinner and Awards

**The Child Life Pet Therapy Program** is one of the hospital's most popular philanthropy-dependent programs. An investment will ensure that many children will have the same opportunity to visit with a certified therapy pet to provide comfort during their time at Nemours Children's.

*"Pet therapy is the highlight of our son's treatment at Nemours Children's. The medical team and other professionals are wonderful, and pet therapy is amazing! On the second day of our cancer journey, a beautiful Bernese Mountain Dog lumbered into our son's room. At first, our son didn't know what to make of the fluffy giant. Then, 'Bear' gently placed his huge head on our son's bed, and our son's face lit up! Our son was able to pet Bear's head while he was getting used to this new medical environment.*

*At that moment, all his worries about his pains and procedures disappeared. The way a dog can lift a patient's spirit is just different than a doctor's joke, a cafeteria cupcake, or even a 6-foot-tall sunflower balloon. Don't get me wrong, those are wonderful, cheerful things, but they all pale in comparison to pet therapy's positive, healing energy." – Patient Family*
